

Product Information and Specifications

PAPER One™ Digital

Designed for color digital - laser & inkjet printing

PaperOne™ Digital is a PEFC-labeled, premium quality paper that ensures superb printability on industry-leading digital printers and copiers with its extra high smoothness and unparalleled whiteness. Imbued with ProDigi™ Nanotechnology, it is a cut above the rest on high speed digital inkjet machines or your regular home and office pigmented inkjet printers compared to other similar grade papers.

Print & Usage Area

- Designed for latest high speed digital laser and inkjet printers.
- All home & office printers & copiers.

Examples of usage areas are presentations, newsletters, proposals, books, magazines, copies, graphics, memos and reports etc.
